Clusters

Dissemination

- ◆ Business Schools
- ◆ Education Programs
- ◆ Broad audience

Service

- ◆ Mobilize university resources
- ◆ Volunteers Count

Social Economy Centre U of T

- ◆ <http://socialeconomy.utoronto.ca/>
- ◆ Other projects plus service
- ◆ Sustainable capacity beyond grant

Broad Conception of Social Economy

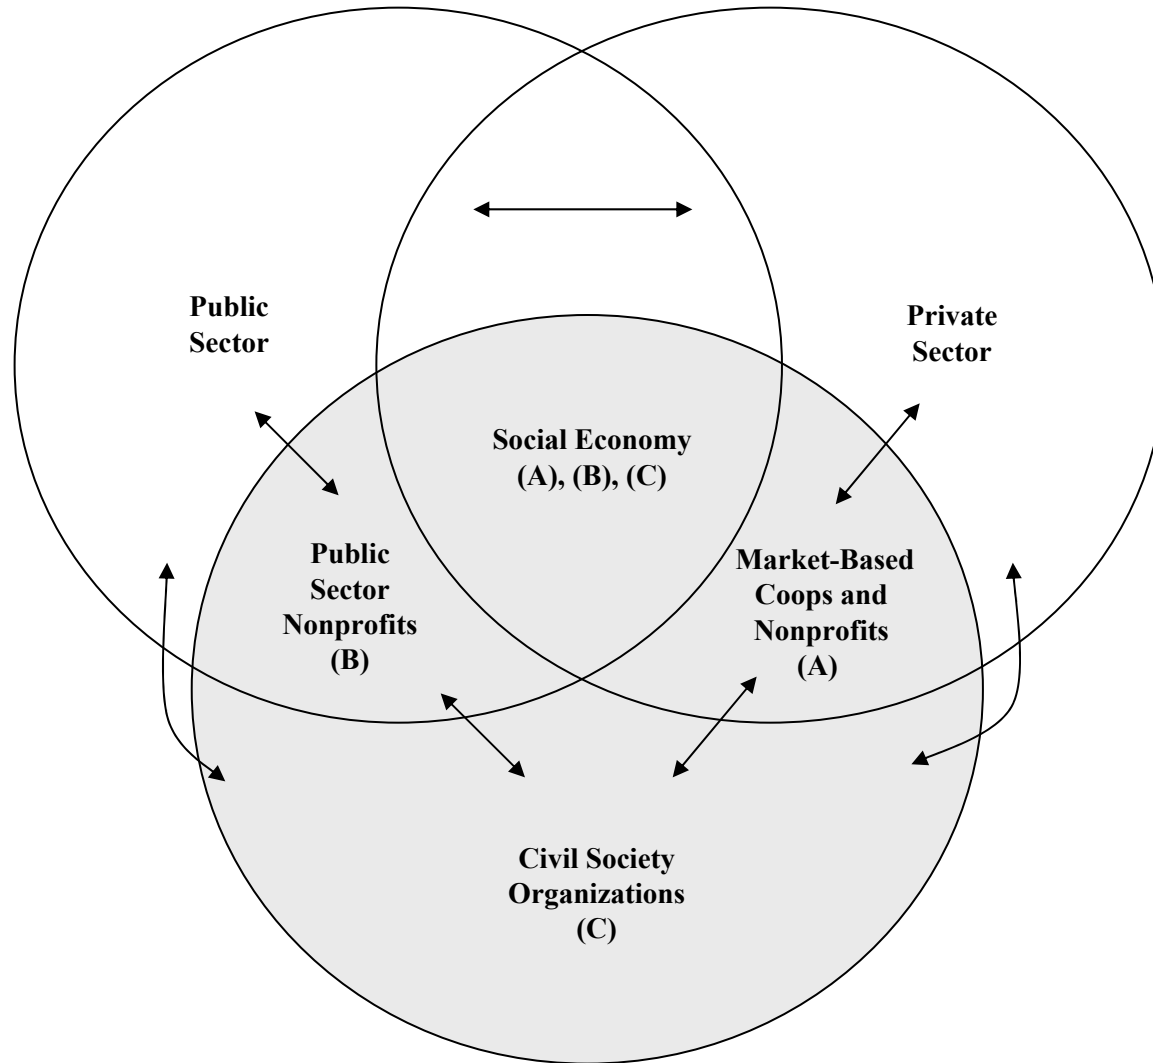

- ◆ A bridging concept for organizations that have social objectives central to their mission and their practice, and either have explicit economic objectives or generate some economic value through the services they provide and purchases that they undertake

Interactive Concept

- Mistake to view the social economy as an entity unto itself
- Organizations interact with the private and public sector in many ways
- Boundaries are fluid

A Schema

Finally:

- ◆ That's it!!!
